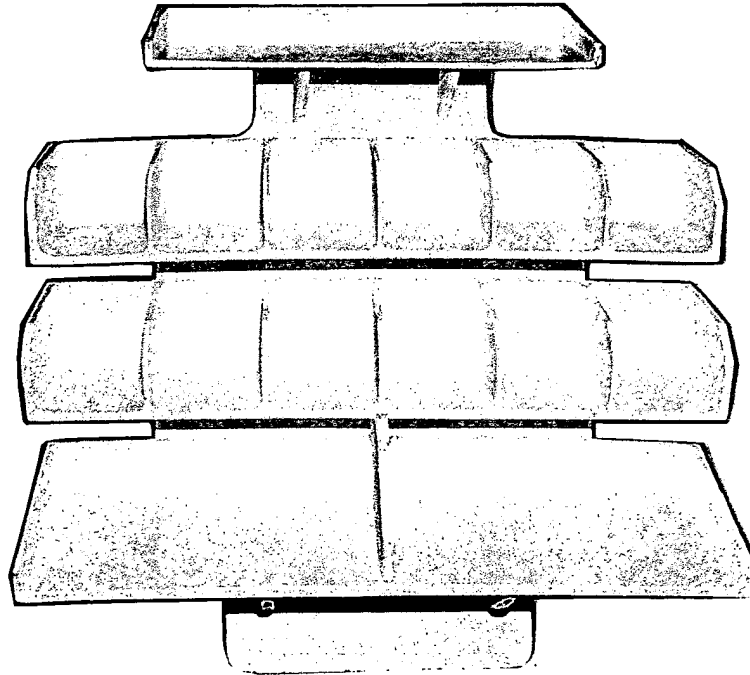

Figures 7 & 8 show my unique handle design construction. The thumb would go in the holes thus allowing the palette to rest comfortably on the hand.

Here is an actual photo of a proto-type of my palette.

Let it be noted that from the specifications supplied in this patent paperwork that my palette can be used by right-handed or left-handed artists being that it has been "symmetrically-designed" to accommodate either preference.

I hope that you have found my paperwork to be in order and I look forward to hearing from your offices soon. I can be reached in any of three ways:

(1) By email at charze@ctc.net

(2) By phone (24-hr voicemail) at 704-786-0086
or

(3) By mail by sending correspondence to:
